

## Immunisations Policy

At Moulton Pre-School, we recognise, where possible, that children are vaccinated in accordance with their age. If children are not vaccinated, it is the responsibility of the parents/carers to inform us to ensure that children, staff and parents are not exposed to unnecessary risks. Our manager must be aware of any children who are not vaccinated within Pre-School in accordance with their age prior to starting up their place. Information regarding immunisations should be recorded in every child's registration documents by the parent/carer and updated as and when necessary. This is checked and signed by a member of staff.

### Staff vaccinations policy

It is the responsibility of all staff to ensure they keep up to date with their vaccinations for; Tetanus, Tuberculosis, Rubella, Hepatitis and Polio.

If a member of staff is unsure as to whether they are up to date, then we recommend that they visit their GP or practice nurse for their own good health.
