

Sun Protection Policy

Moulton Pre-School want children to enjoy their time in the sunshine as safely as possible. During every session, children are able to access the garden and playground area, shade is provided within the garden by the trees and canopies. However, we like to ensure that all the children are wearing sunscreen block. This must be applied daily to your child before arrival as well as appropriate clothing and sunhats to provide adequate sun protection for your child prior to arrival.

- We actively encourage all children to wear their sunhat whilst playing outside; these are requested to be provided by the parent/carer and labelled with their child's name.
- Children should wear loose clothing, but should not have their shoulders exposed.
- For safety reasons, flip flops, crocs and any open toe shoes are deemed as unsuitable footwear.
- A long lasting high factor sunscreen block should be applied to face and body.
- Children are asked to bring a bottle of sunscreen, labelled with their name during the summer to allow staff to reapply should they need to.
- We will record the dates and times reapplication of sunscreen has been given.

Moulton Pre-School will accept no responsibility for a child whose parents/ carers do not adhere to this sun protection Policy.
