

Zero Tolerance Policy

It is an offence under the Public Order Act Section 5 to use threatening or abusive behaviour or language causing harassment, harm or distress. The law states that this is an offence.

Staff and Parents have the right to contact the police to make a complaint (formal) where the police would follow this up with interviewing the parties involved, and then maybe a caution would be given, a fixed penalty followed by a warning and being charged. If this was contested then the incident would go to court.
